

Sat Jinda Kalyana P. G. College, Kalanaur (Rohtak)

University Outreach Programme

Outreach is an activity of providing services to population who might not otherwise have access to those services. It refers generally to the efforts to increase the availability and utilization of the services especially through direct intervention and interaction with the target population.

University Outreach Programme of our college has formally adopted village Anwal in July, 2017 with the following objectives:

- To create an awareness of self worth among the people in rural community.
- To provide facilities for improving the conditions of life especially for the poor section of the society.
- To stimulate self reliance and self development in local communities.
- To encourage all segments of the society irrespective of caste, creed, religion or economic situation.
- To focus on long term development.
- To generate the feeling of responsibility among students towards society and nation.

In order to fulfill these objectives the University Outreach Programme team of S.J.K. P.G. College has been organizing various activities from time to time like Blood Donation Camps, Tree Plantation Drives, Awareness Rallies on 'Beti Bachao, Beti Padhao', Door to Door Campaigning, Yoga Workshop, Health Check-up Camps, Cracker Free Diwali, Swachhta Pakhwada and Poshan Maah etc. Extension Lectures on various themes have also been organized.
