About the workshop

Education is fundamental for achieving full human potential, developing an equitable and just society, and promoting national development.

The global education development agenda reflected in the Goal 4 (SDG4) of the 2030 Agenda for Sustainable Development, adopted by India in 2015 - seeks to "ensure inclusive and equitable quality education and promote lifelong learning opportunities for all" by 2030.

This National Education Policy 2020 is the first education policy of the 21st century and aims to address the many growing developmental imperatives of our country.

The teacher must be at the centre of the fundamental reforms in the education system. The new education policy must help re-establish teachers, at all levels, as the most respected and essential members of our society, because they truly shape our next generation of citizens. It must do everything to empower teachers and help them to do their job as effectively as possible.

The workshop will provide insights into how the new education policy will fulfill the need of current pandemic situation. Further, the speakers will provide comprehensive information about contemporary tools for online teaching, evaluation and assessment.
