## Action Taken Report (Feedback)

Session: 2017-2018

Based on feedback collected from Students and Parents, the following actions have been taken:

S. N.	Observations/Suggestions	Action Taken
1	Cleanliness, basic amenities, canteen, sports, career counseling and placement facilities require more attention.	Separate committees are there for these facilities. The concerned committees have been instructed to do the needful.
2	The institute needs to look into the ways and means to improve transportation.	A letter was written to General Manager, Haryana State Transport Department requesting him to instruct roadways driver/conductors to stop buses at 'College Mor' Bus Stop for the students to get on and off. The authorities took up the matter, and necessary instructions were given to the concerned.
3	More educational tours should be organized.	Different departments/cells were asked to organize the same.
4	Self-defense and confidence-building workshops should be organized.	The college has been organizing such activities, especially during the NSS/NCC camps. The staff members/incharges were asked to organize more such activities in the future.

**Descriptive report on PTM held on 13.10.2018.**

PTM was organized in the college on 13<sup>th</sup> October 2018. Large number of students enthusiastically visited the college with their parents/ guardians. Parent- Teacher interacted with each other and actively enriched themselves about the facilities available in the college and performance of their wards.

A report on PTM was prepared on the basis of responses of some of the randomly selected parents feedback forms.

The parents feedback form contains 12 criteria questions ranging from general to specific feedback and concrete suggestions on the improvements at physical and transformation at psychological levels. The college, however, enacted on the suggestions given by parents during the PTM of last academic session but this year very clearly, parents indicated that college is providing adequate information about their wards and there are good number of programmes focussed on the enhancement of their personality. The responses are very much encouraging and college needs to keep it up in the coming years .

Another highest level of functioning in the college, as per parents feedback form is on 'Quality of Teaching and Learning Environment', the institute has been categorized in excellent domain of responses.

As far as 'Extra Curricular Activities' and 'Guidance & Counselling Services' available in the college are concerned, the parents marked them near Excellent.

The three areas of checking points namely students discipline, class rooms and labs and sports are ranked above very good category. It implies that the randomly selected parents rate these services very high.

In case of Library facilities and Canteen services, the rating is very good and parents felt that college is taking good care of their wards in providing quality reading as well as healthy eating in the college premises.

The only criteria which scored below the very good domain is of 'Transport Facilities'. This issue is coming up regularly in the improvement zone because problem of transport is genuine, students are facing problems to reach the college. However, college management and authorities are taking it to top priority. They have not only purchased the Bus to provide transport but also raised this issue at different appropriate platforms. It is a matter of satisfaction that there is a slight improvement in the parents ranking from 2016-17 to 2017-18. The above report is on the basis on the quantitative analysis and numeric average scores.

Now a qualitative analysis given by the parents on the 'suggestions for improvements' was also carried out (Point No. 6). However, most of the parents have appreciated the available infrastructural and human resource services, but some concrete suggestions were given:-

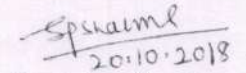

- Notice Board for NSS.
- GYM Services / Game Period (Daily).
- Well displayed college bus timing.
- Guard at Main Gate.

College authorities are requested to take up the suggestions of the parents at appropriate platforms to further extent the facilities.

On the whole, PTM was very fruitful, filled with productive interactions and a platform of mutual learning.
