

SAT JINDA KALYANA COLLEGE, KALANAUR (ROHTAK)

Action Taken Report (Feedback)

Session: 2017-2018

Based on feedback collected from Students and Parents, the following actions have been taken:

S. N.	Observations/Suggestions	Action Taken
1	Cleanliness, basic amenities, canteen, sports, career counseling and placement facilities require more attention.	Separate committees are there for these facilities. The concerned committees have been instructed to do the needful.
2	The institute needs to look into the ways and means to improve transportation.	A letter was written to General Manager, Haryana State Transport Department requesting him to instruct roadways driver/conductors to stop buses at 'College Mor' Bus Stop for the students to get on and off. The authorities took up the matter, and necessary instructions were given to the concerned.
3	More educational tours should be organized.	Different departments/cells were asked to organize the same.
4	Self-defense and confidence-building workshops should be organized.	The college has been organizing such activities, especially during the NSS/NCC camps. The staff members/incharges were asked to organize more such activities in the future.
